

DGG *Advantage*

01 **High Selection Intensity**

DGG has been accessing the best genetics throughout worldwide. Less than 1% calves born from the genetic pool that we access meets the criteria to become DGG sire, this high selection intensity allows you access to the best of genetics.

02 **Genetics diversity**

We produce what our customers' desire. We are able to provide genetic diversity and lead animals by partnering with US Top breeding herds that supply the best genetics to the world.

03 **Balanced Traits**

DGG focuses on breeding sires with well-balanced performance across production, health, fertility, and type traits. Rather than selecting for a single extreme trait, we prioritize cattle that deliver sustainable profitability and long-term herd improvement.

DGG

GENETICS

from Farmers to Farmers

Direct Global Genetics (DGG) is an USA based genetic supplier that sources directly from elite registered large commercial breeding farms. Direct Global Genetics delivers these genetics with real world profitability, in a direct and lean manner to our global clients. Our success is built on the backs of global progressive dairies.

DGG is Seeking Global Distributors ➤

🌐 www.dggenetics.com ✉ info@dggenetics.com

Direct

Minimizing the costs from the producer of genetics to the end user.

Global

Bringing elite genetics, free of restrictions, to end users throughout the globe.

Genetics

Genetics is a core contributor to increase sustainability in food production and increase farm profitability.
